Make it Competency based like MBBS CBME (Competency based medical education)

Case based approach is needed.

Al-badaar dental college is one of the best institutions regarding infrastructure well maintained cleanliness.... Amazing depts. Library supposed to be the best. Patients are very much sufficient as/the DCI norms. Students are well-trained with excellent answers by then in the examination which I had conducted. Overall performance is excellent 🙏 . God Bless you with Abundant Blessings to your entire organization Regards Dr Kamala Professor

To incorporate recent advancement and digital technology in dentistry

Latest trends in Prosthodontics can be included in the exam.

Problem based learning to be implemented in curriculum for students.

No Suggestions

Curriculum must be more objective and clinical oriented.

Structured Viva voce

None

Student Clinical skill acquisition should be monitored, and feedback should be given for improvement prior to exam

My best wishes to you for success in future! Happy to be here at Al Badar, hope to visit sometime soon. suggestions

MORE AMOUNT OF PRACTICAL EXPOSURE TO THE PATIENTS

Everything is fine.

Everything is more than satisfactory.

Very good college campus and Vigorous documentation. Wish the college should scale new grades in future

Well, conducted

It should include more clinical/ practical skills.

In PG exams, inlay can be replaced with composite restoration (diastema closure/ class IV build up)

Good college amenities....i always enjoy coming to AL BADAR DENTAL COLLEGE

Excellent

Overall good

Satisfying

Communication and leadership skills need to be emphasized in the curriculum. Also inculcating social service should be a part of any discipline and stipulated hours to be allotted for this activity.

Kindly update the entrance Gate with a good enlarge College board as a gate way to the college.

Very happy to serve.

Multiple choice questions could be suggested for addition in further theory exams.

According to present work and Teaching procedures the curriculum holds Good.

Good experience overall

Concept based Viva in the form of Multiple-choice questions in a time frame can be included.

Everything seems to be fine there as per me ...

The institute's commitment to maintaining high standards in academic training and the effective implementation of viva cards exemplify the best practices in exam administration. I commend their efforts in this regard.

Curriculum should become industry ready.

To introduce clinic based osce and ospe as part of exam process rather than optional.
