

7.2.1 Institutional Best Practices

Response:

BEST PRACTICE 1

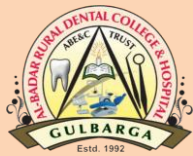

TITLE OF PRACTICE - PATIENT CENTRIC CARE

Objectives:

- Promoting Virtuous Service: Cultivate a culture of patient-centric care and service ethos among students.
- Secondary Healthcare Provider: Offer specialized care for complex oral diseases.
- Enhancing Rural Access: Extend oral health services to underserved rural communities.
- Ethical Atmosphere: Foster professional ethics and integrity among students and faculty.
- Evidence-Based Practice: Implement evidence-based approaches in delivering oral healthcare.
- Community-Based Learning: Facilitate experiential and participatory learning through community engagement.
- These objectives are designed to improve patient outcomes, enhance access to oral health services, and empower future oral health professionals with ethical standards and evidence-based practices.

Context

- Despite significant advancements in the healthcare sector, rural and suburban areas continue to face substantial gaps in access to healthcare services. A predominant portion of these communities does not seek treatment for Oro-facial diseases due to several interconnected reasons:
 1. Many individuals in these areas are unaware of oral health issues and the importance of seeking timely treatment. This lack of awareness leads to delayed interventions and exacerbates oral health conditions.
 2. Economic factors pose a significant barrier to accessing dental care. Many individuals below the poverty line struggle to afford dental treatments, which prevents them from seeking necessary oral healthcare services.
 3. Remote rural areas often lack adequate infrastructure and facilities for dental care. The physical distance to healthcare facilities further hinders access to timely treatment.
 4. Addressing these challenges requires a multifaceted approach that includes community education programs, affordable healthcare initiatives, and enhanced infrastructure for healthcare delivery in

rural and suburban areas. By focusing on these areas, healthcare providers can work towards reducing disparities in oral health outcomes and improving overall community well-being.

Practices:

Our efforts and initiatives in oral health care are commendable and comprehensive. Here's a refined overview of the practices you've outlined:

1. Community and School Camps for Oral Health Awareness:

- Organize camps to educate the public on oral health issues and provide basic screenings. This helps in early detection and prevention of oral diseases.

2. Tobacco Counselling:

- Offer counselling sessions to patients, emphasizing the harmful effects of tobacco use on oral health. This proactive approach can contribute significantly to reducing tobacco-related diseases.

3. Awareness Rallies

- Conduct rallies on key health days such as 'No Tobacco Day', 'Oral Health Day', 'World AIDS Day', and 'Oral Cancer Day'.

4. Satellite Centre Collaboration:

- Partner with Mother Teresa Hospital as a satellite center to extend healthcare services to distant and underserved areas.

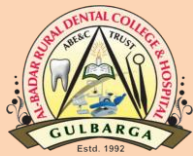

5. Dant Bhagya Scheme:

- Provide complete dentures to the geriatric population under the Dant Bhagya scheme.

6. Mobile Dental Clinic:

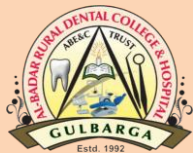

- Deploy a mobile dental clinic to provide on-the-go dental care during community camps. This mobile unit facilitates access to essential dental health services for populations in remote or underserved areas.

These practices collectively contribute to promoting oral health awareness, improving access to care, and delivering comprehensive oral health services to diverse populations, particularly in rural and underserved areas.

Evidence of success

- 71 camps have been conducted with screening of 8919 patients, following visit of these patients to the hospital for further treatment. Patient seeking care for prevention and management of basic and advanced dental ailments.
- Routine dental procedures are performed with on par excellence. Variety of special cases were treated in various specialties. Total 704 special cases treated with advanced techniques.
- Routine oral surgery cases are done in the college and special cases like 3 TMJ surgeries were performed, 41 trauma cases were treated, 10 oral submucous fibrosis cases were treated, 13 cystic lesions were treated, and 8 carcinomas were treated successfully.
- Root canal therapies are done with the state of art equipment like Endodontic surgical microscope.
- Total 17,063 Routine dental procedures were performed like amalgam, composite, GIC, RCT etc. And 66 special cases were treated like midline diastema closure, fractured tooth reattachment, vital and non-vital bleaching etc. in the department of endodontics and conservative dentistry.
- Orthodontic treatment procedures which include fixed functional appliances, orthopaedic arch expansion, zygomatic screw placements for impaction of maxillary arch and current techniques like self-ligating, clear aligners and Pits are also practiced. 8 special cases were done like IZC etc. 5 Ortho-Perio interdisciplinary cases are also done.
- 45 Dental implants were being made affordable to the masses and are undertaken as a routine procedure in prosthetic department. 70 special cases were done including 2 implant supported dentures, 4 denture relining cases, 14 single dentures, 1 tooth supported denture, 2 post and core cases and 1 cheek bumper was done.
- Total 2748 routine Perio cases were done which includes scaling, curettage, operculectomy, gingivectomy and coronoplasty etc. 94 special cases were done including implants, frenectomy, mucogingival surgeries etc.
- To aid the final diagnosis of the disease the department of Oral Pathology and Microbiology has embraced the advanced techniques like Immuno-histochemistry which aids in adequate and appropriate management of maxillofacial pathologies. 41 Histopathology cases were reported like fibroma, mucocele, radicular cyst, dermoid cyst etc. and 31 special cases were reported like lichen planus, Dermoid cyst, odontogenic keratocyst etc. in the department of oral pathology.

Prompt services are provided from this department for evaluating safe margins during Onco-surgical procedures.

- Total 9555 OPD's were done, and 275 special cases were done like TMJ disorders, Orofacial pain and autonomous disorders etc in the department of oral medicine and radiology.

Problems encountered and resources required

College runs under the charitable trust and therefore cannot charge the required amount for the treatment procedures. Hence more financial resources to be mobilized through the different government schemes for the welfare of patients of socio- economically backward Kalyan Karnataka Region.

BEST PRACTICE 2

TITLE OF PRACTICE – STUDENT CENTRIC TEACHING LEARNING PROCESS

Objectives

- To acquire specific knowledge and understanding of each subject
- To enhance the experience through active learning strategies
- To imbibe the culture of research, innovation and discovery of new knowledge
- To develop lifelong learners.

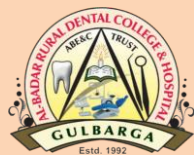

Context

Al-Badar Rural Dental College and Hospital is committed to impart holistic education in Oral health Carestream. College admits students from various socio-economic background and culture. Therefore, college takes the responsibility of their overall development during their stay. To achieve this various innovative teaching learning pedagogies are practiced by the faculty members.

Practice

At the beginning of academic year all faculty members define the course outcomes aligned with curriculum prescribed by Rajiv Gandhi University of Health Sciences and competencies given by Dental council of India.

Simulation based and model-based learning for pre-clinical skills are like carvings of teeth, teeth setting and arrangement, preparation of special trays, border moulding, cavity preparations, taking impressions, acrylization etc.

Patient centric and evidence-based learning for clinical skills such as LA block, cavity preparations, removable partial dentures, complete dentures, scaling and polishing of teeth, diagnosis and treatment of special cases, histological diagnosis etc.

Participatory learning through projects/ posters/ tabletop presentations and seminars to impart the knowledge in various disciplines.

ICT enhanced teaching learning process gives emphasis on use of digital and technological interventions in classroom for active learning and student engagement.

Think Digital

Al-Badar rural dental college and hospital provides following digital facilities:

E -Library

- Open access system
- User orientation
- Information display and notification
- Reprographic facility
- Book bank facility
- OPAC
- Computers with internet facility
- E-journals and E books
- Audio-video services
- Book CDs and DVDs collections
- Digital services.

Instagram Page

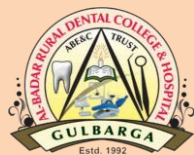

- We share our daily activities on www.albadardentalcollege.org to make oral health awareness among masses.

Campus

- **Digital campus-** Camu is an advanced online learning platform and campus management solution offering SIS, LMS, virtual classroom, online examinations and assignments.
- Daily attendance is taken through Camu app.

Facebook Page

- We share daily activities on Al-Badar dental college official page to create oral health awareness among public.

Special training such as basic life support, biomedical waste management and implantology are provided.

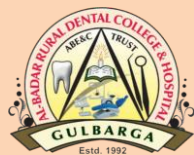

In addition to this, college also provides special value added and add on programs for skills enhancement and knowledge updating by incorporating recent trends in dentistry.

Evidence of success for the year -2023-2024

Sr.no	Achievement	Numbers
1	Scientific Achievements-Staff/ Students	83/9
2	Scientific Presentation - students	77
3	Research grants received	4
4	Events Conducted	96
5	Publications	86
6	Ongoing research studies	68

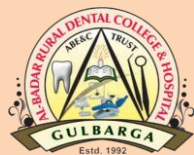

Other than above mentioned achievements many other achievements are gained by the college.

- ARDCH college and HODs have received certificate of Appreciation from NIPAM.
- HODs and other staff have been speaker for various programs on-line and off-line in our college and other colleges
- HODs and staff have completed FDP Courses with A+ grade under NPTEL online certificate courses.
- HODs and staff have completed RAATI LMS.
- Overall, 68 Research studies are going on in various Departments of the college.

**Achievements****FACULTY**

Number of fulltime teachers who received awards and recognitions for excellence in teaching, student mentoring, scholarships, professional achievements and academic leadership at State, National, International levels from Government / Government-recognized agencies / registered professional associations / academies during the year (June 2022 to May 2023)

Year	Name of teachers who received awards	Title of the Award (s)	State level awards	National level awards	Name of the international level awards	Name of the agency/agencies that gave the award
2023-2024	Dr. Neelakamal Hallur	Reviewer		Journal of Maxillofacial and oral Surgery		Springer Nature
2023-2024	Dr. Sayeeda Laeque Bangi	Guest Speaker	CDE			Al Badar dental College and Hospital

STUDENTS

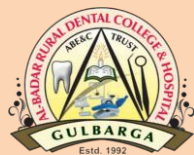

Sr. no	Student name	Achievements
1	Dr Noothan Naik	RGUHS Undergraduate Research Grant
2	Dr Ayesha Siddiqua	Certificate of appreciation for Participation in National IOMR Quiz competition
3	Dr Shaik Afshah Rahman	Book Chapter Publication - Recent Advances In Diagnostic Oral Radiology
4	Dr Ria Gadgikar	RGUHS Undergraduate Research Grant
5	Dr Fariya Warda	RGUHS Undergraduate Research Grant
6	Dr K Nikitha Mohan	RGUHS Undergraduate Research Grant
7	B Mahalakshmi	RGUHS Undergraduate Research Grant
8	Dr Divya G H	1st Prize in Paper presentation at National undergraduate student conference
9	Dr Shaik Afsha Rahman	2nd Prize in Paper presentation at National undergraduate student conference
10	Dr Fariya Warda	Certificate of appreciation for Participation in National IOMR Quiz competition
11	Dr Patel Atib Anas	Presented a paper at Famdent 2024, Hyderabad

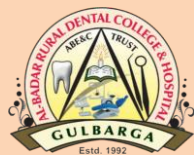

12	Aliya Yasmeen	Scientific Poster Presentation on “Evolution in Dental Implants at FAMDENT” Hyderabad.
13	Shreedhar	Short term Research Grants for UG
14	Farman	Scientific Poster Presentation on “Magnets In Prosthodontic Rehabilitation” and secured 2nd Prize in paper presentation at UDAAN IDA, Hyderabad from 15 - 16 July 2023 Scientific Paper Presentation on “Histotripsy: a sound wave therapy in targeting cancer cells” Secured Runner up position in paper presentation at FAMDENT Hyderabad from 3rd - 4th February 2024
15	Aishwarya Bilgikar	Scientific Paper Presentation at Famdent, Hyderabad.
16	Anas Mariya	Scientific Poster Presentation on “Steps of Making Complete Denture “at Famdent, Hyderabad. conducted from 3rd - 4th February
17	Aqsa Mariyam	Scientific Poster Presentation on “Steps of Making Complete Denture “at Famdent, Hyderabad. conducted from 3rd - 4th February
18	Dr Tahera Fatima	Poster Presentation
19	Dr Pooja D. Nadurankar	Best Dissertation Award by Indian Academy of Oral Medicine & Radiology at 34th IAOMR National Conference 2023
20	Dr Manjunath.D	Paper Presentation At 34th IAOMR National Conference 2023
21	Dr Sangamma	Best Presentation of the session Comparison of IFT and TENS in Orofacial pain management at 34th IAOMR National Conference 2023
22	Dr Safoora Mariyam	Scientific Paper Presentation at 34th IAOMR National Conference 2023
23	Dr Huma Afroz	Paper Presentation at 34th IAOMR National Conference 2023
24	Dr Sadanand Reddy	Presented a scientific paper at OROCON 2023- Kidwai Memorial Institute of Oncology, Bengaluru

		Presented a scientific paper at Karnataka State Conference, Dharwad
25	Dr Pravin Bhos	Presented a Scientific Paper at OROCON 2023-Kidwai Memorial Institute of Oncology, Bengaluru Presented a scientific paper at Karnataka State Conference, Dharwad
26	Dr Geeta Haragad	Presented a scientific paper at OROCON 2023-Kidwai Memorial Institute of Oncology, Bengaluru Presented a scientific paper at Isfarocon 2023 3rd Annual Conference Of Indian Society For Facial Trauma Aesthetic & Reconstructive Surgery Of Otorhinolaryngologist
27	Dr Mohammed Samama	Presented a scientific paper at OROCON 2023-Kidwai Memorial Institute of Oncology, Bengaluru Presented a scientific paper at Karnataka State Conference, Dharwad
28	Dr Aishwarya Huligol	Presented a scientific paper at OROCON 2023-Kidwai Presented a scientific paper at Karnataka State Conference, Dharwad
29	Dr Vandana Singh	Presented a scientific paper at OROCON 2023-Kidwai Memorial Institute of Oncology, Bengaluru Presented a scientific paper at AOMSI – State Chapter; Dharwad.
30	Dr Ruhi Almas	Presented a scientific paper at OROCON 2023-Kidwai Memorial Institute of Oncology, Bengaluru Presented a scientific paper at MIDCOMS – Pravara Institute of Medical Sciences; Loni, Maharashtra.
31	Dr Mustare Neha	Presented a scientific paper at OROCON 2023-Kidwai Memorial Institute of Oncology, Bengaluru Presented a scientific paper at MIDCOMS – Pravara Institute of Medical Sciences; Loni, Maharashtra.
32	Dr Lavate Supriya Surewsh	Presented a scientific paper at AOMSI – State Chapter; Dharwad.

		Presented a scientific paper at MIDCOMS – Pravara Institute of Medical Sciences; Loni, Maharashtra.
33	Dr Nagireddy Ishwarya	Presented a scientific paper at MIDCOMS – Pravara Institute of Medical Sciences; Loni, Maharashtra. Presented a scientific paper at MIDCOMS – Pravara Institute of Medical Sciences; Loni, Maharashtra.
34	Dr Supriya P	Presented a scientific paper at National cleft and craniofacial orthodontic program, Bangalore , 04- 08- 2023
35	Dr Waseem Parvez	Presented a scientific paper at National cleft and craniofacial orthodontic program, Bangalore
36	Dr Afaf Mohammed Rafiq	Presented a scientific paper at National cleft and craniofacial orthodontic program, Bangalore
37	Dr Alina Magi	Presented a scientific paper at National cleft and craniofacial orthodontic program, Bangalore
38	Dr Nailah Fatima	Presented a scientific paper at National cleft and craniofacial orthodontic program, Bangalore
39	Dr Vijayashree	Presented a scientific paper at South Zonal PG convention Salem, Tamil nadu
40	Dr Abdul Same	Presented a scientific paper at 22nd Isp Pg Convention ,Mumbai Poster Presentation
41	Dr Nida	Presented a scientific paper at 22nd Isp Pg Convention ,Mumbai
42	Dr Madhuri	Presented a scientific paper at National Conference Of Indian Society Of Periodontology – Amritsar Presented a scientific paper at 22nd ISP PG Convention Mumbai
43	Dr Farha	Presented a scientific paper at 22nd ISP PG Convention, Mumbai

44	Dr Sabeeha	Presented a scientific paper at 22nd ISP PG Convention, Mumbai
45	Dr Adeeba	Presented a scientific paper at 22nd ISP PG Convention Mumbai
46	Dr Uzma Mahveen	Presented a scientific paper at IESCON 2023 National conference of Indian endodontic society, Bhubaneswar
47	Dr Syed Ishaq S	Presented a scientific paper at IESCON 2023 National conference of Indian endodontic society, Bhubaneswar
48	Dr Barole Pooja	Presented a scientific paper at South Zonal PG convention Salem, Tamil nadu
49	Dr Rishika Shreya	Presented a scientific paper at South Zonal PG convention Salem, Tamil nadu
50	Dr Ameera Bashmina	Presented a scientific paper at South Zonal PG convention Salem, Tamil nadu
51	Dr Farheen Patel	Presented a scientific paper at South Zonal PG convention Salem, Tamil nadu
52	Dr Snehalatha C M	Presented a scientific paper at 27th Ios Pg Convention
53	Dr Rahul Mullatti	Presented a scientific paper at 27th Ios Pg Convention
54	Dr Dawood Bangalorewale	Presented a scientific paper at 27th Ios Pg Convention
55	Dr Umer Farooque	Presented a scientific paper at 27th Ios Pg Convention
56	Dr Hridhi Krishna	Presented a scientific paper at 27th Ios Pg Convention
57	Dr Sheshnag Ghalgond	Presented a scientific paper at 25th IPS PG Convention, Hyderabad
58	Dr Syeda Safoora	Presented a scientific paper at 25th IPS PG Convention, Hyderabad
59	Dr Ankit Pardeshi	Presented a scientific paper at 25th IPS PG Convention, Hyderabad Presented a scientific paper at 2nd Maharashtra IPS state conference Pune

60	Dr Kishwer Sameen	Presented a scientific paper at 25th IPS PG Convention, Hyderabad Presented a scientific paper at 2nd Maharashtra IPS state conference Pune Presented a scientific paper at 26th IPS National Convention Chennai
61	Dr Diksha Kasnale	Presented a scientific paper at 26th IPS National Convention Chennai Presented a scientific paper at FAMDENT, Hyderabad Presented a scientific paper at 10th Karnataka Prosthodontic society annual conference Mysuru
62	Dr Santoshi Patil	Presented a scientific paper at FAMDENT, Hyderabad Presented a scientific paper at 10th Karnataka Prosthodontic society annual conference Mysuru Presented a scientific paper at 26th IPS National Convention Chennai
63	Dr Rukshar	Secured 3rd prize for inter college Essay competition

Problems encountered and resources required

The management of the college is very supportive and provides required support for smooth implementation of teaching learning process. College runs under the charitable trust and therefore cannot charge the required amount for the treatment procedures. Hence, more financial resources to be mobilized through the different government schemes for the welfare of patients of socio-economically backward Kalyan Karnataka Region.
