Dental Education Unit (DEU)

Overview

Dental Education Unit at Al-Badar Rural Dental College and Hospital was initiated by pioneers of dental health profession and education as a healthy link between the institution administration, teaching faculty, clinical/non-clinical departments and the students for the overall welfare of the students. The unit is dedicated to train the faculty members on various aspects of individual skill development in teaching and evaluating undergraduate and postgraduate students along with curriculum enrichment and administration. The core vision behind dental education unit is to continuously improve the quality of the teaching and to make learning an enjoyable experience for the undergraduate and postgraduate students.

The Dental Education Unit of Al-Badar Rural Dental College and Hospital is involved in the build-up of teachers in Dental Education. The unit has energetic and trained dental professionals handling the lesson sessions. The dental education unit not only conducts training of trainers, workshop for the external faculty members of other dental institutions, but also plays a key role in the conduction of continuing development program for the internal faculty members of the institute.

The unit also methodizes and conducts orientation program for the students of first BDS, Student Clinician Orientation Programme (SCOPE) for third BDS students, Interns Orientation Program (IOP), Postgraduate Orientation Program, Pedagogy training for postgraduates, Research methodology and training on dissertation writing and reference management for postgraduates' program for constant support of postgraduate learning from first year till final year. Works hand in hand with other committees of the institution like the parent-teachers association (PTA), training and placement cell, sports and cultural committee, anti-ragging committee, student's grievance committee

RESPONSIBILITIES OF COMMITTEE/ MEMBERS

CHAIRMAN: Take care of the overall functioning of the committee and policy implementation.

COORDINATOR: Conveys and conducts the meetings, documents the proceedings, and maintain records.

MEMBERS: The members otherwise the in charge of the individual year of course study (I to IV), follow the academic performance and attendance of each student, register the same periodically and thereby meticulously monitor the academic progress of the students. All the members are responsible individually for their respective roles and overall functioning of the DEU.

(The committee meets once in three months)

GOAL

PRINCIPAL

**Al-Badar Rural Dental College
& Hospital, KALABURAGI**

Near PDA Engg. College, Naganhalli Road, KALABURAGI - 585 102 - KARNATAKA - INDIA.

Phone : 08472 - 227610, 220222 - Fax : 229687 | albadar_glb@yahoo.com

- To reach the highs of dental education and practice among the undergraduate and postgraduate teachers.

OBJECTIVES

- **Faculty Development**

To train the teachers of the institution periodically, so that they would facilitate learning in an effective way.

- **Research in Dental Education**

To conduct studies and develop experimental models to arrive at solutions for problems in dental education.

- **Development of Resource Centre**

To develop and maintain as center of study material in dental education.

- **Providing an interactive online platform**

To provide an online station wherein faculty from other institutions across disciplines can share in their views on dental education.

- **Developing teaching learning aids assessment methods**

To develop teaching-learning aids- this would enable effective learning for the students.

To identify the underperforming student and help in their academic's accomplishment.

To Monitor the university results and play an active role in the improvement and sustenance of the results.

To Design the academic calendar. Plans the academic timetable events and communicates to the students.

To schedule, program and monitor the conduction of internal & model examination.

To develop assessment methods

- **Developing Instructional Designs**

To develop specific learning objectives and making attempts to reform the existing curriculum at the institutional and the national level.

Future Plan: To become the Regional Center of Excellence in Dental Education.
